

# MAXIMUM SMOKE

## MILITARY STYLE

### Continuous Discharge HC Smoke Grenade

**BACKGROUND:** The Military Style Maximum Smoke Grenade comes from the design of Defense Technology's #3 smoke grenade and the F110HC produced by Federal Laboratories. It is a slow burning, high volume, continuous discharge grenade. Grey-white smoke only.

Code Recognition:	CN	CS	SMOKE
<b>CURRENT PART ID:</b>	N/A	N/A	<b>1083</b>
DEFENSE TECHNOLOGY:	N/A	N/A	#3S
FEDERAL LABORATORIES:	N/A	N/A	110HC

**PRODUCT SPECIFICATIONS**

*(Subject to change without notice. All specifications are averages.)*

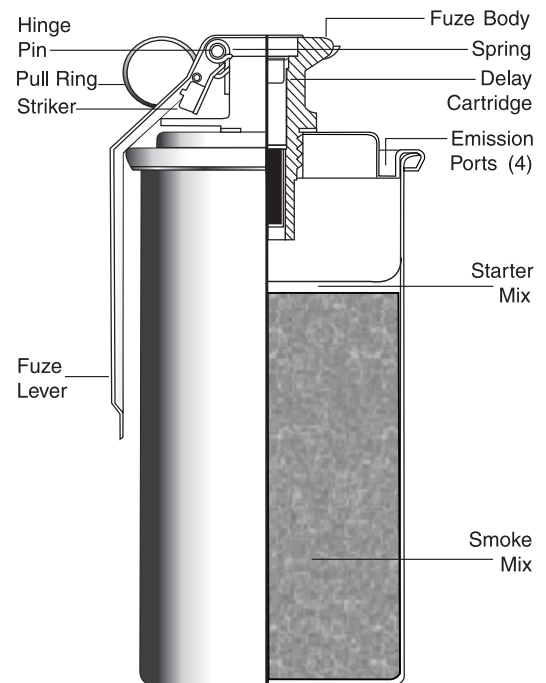

Diameter:	2.36 inches [6.0 cm]		
Length:	5.50 inches [14 cm]		
Fuze:	M201A1 Type		
Active Agent:	N/A		
Discharge Time:	Smoke	1.5 - 2 minutes	
Launchable:	Yes		
Warranty:	Operation:	5 Years From Date of Manufacture	
	Training:	6 Years From Date of Manufacture	

**OPERATION:** Hexachloroethane (HC) smoke is discharged through four (4) gas ports located on top of the canister. Due to the high metal content, HC smoke is dark in comparison to Safe-Smoke that is utilized in all other DTCA/FL smoke devices (except the Large Style Maximum Smoke Grenade). It is similar to the military style grenade.

**APPLICATION:** Designed specifically for outdoor use in crowd management situations, the Maximum Smoke grenade is a high volume, slow burning device that emits large quantities of grey-white colored smoke for approximately 1.5 to 2.0 minutes. Due to its extremely long burn time, it is subject to "throwback" by individuals wearing burn protection such as a welder's mitt. The canisters may be protected from advancing individuals with the use of specialty impact munitions. The device should be deployed utilizing wind advantage.

It can be utilized as a carrying agent (multiplier) for smaller CN or CS munitions, or for concealing the movement of agency personnel. It may also be used as a distraction to focus attention away from other activities.

It should not be deployed onto rooftops, in crawl spaces, or indoors due to its fire producing capability. Hand throw or launch. Launching of grenades will provide deploying officers additional standoff distances. Affords MAXIMUM COVERAGE AND BURN TIME and is excellent for large outdoor areas.

**WARNING:** This product is to be used only by authorized and trained Law Enforcement, Correction, or Military Personnel. This product may cause serious injury or death to you or others. This product may cause serious damage to property. Handle, store and use with extreme care and caution. Use only as instructed.
