The 1480 Soft Carrying Case for the Single Launcher is made of polyurethane coated water-resistant nylon with MOLLE front panel. It does not retain moisture, is not affected by rot or mildew, is easy to clean and dries quickly. The bag is padded with closed cell foam which provides greater shock and impact resistance. The launcher carrier case has fixed hand straps and includes a detachable shoulder strap. The new design is compatible with Defense Technology single and multi-shot launchers fitted with traditional optics.
