

40MM FOAM BATON SMOKELESS POWDER ROUND

PRODUCT SPECIFICATIONS	
Diameter	1.60 in / 40 mm
Length	4.80 in / 12.2 cm
Projectile Count	3
Velocity	325 fps / 99 mps
Minimum Safe Range	10 ft / 3.05 m
Maximum Effective Range	35 ft / 10.7 m
PROJECTILE SPECIFICATIONS	
Material	Foam Rubber
Height	1.00 in / 2.54 cm
Diameter	1.40 in / 3.55 cm
Weight	0.40 oz / 11.2 g
Part No.	6099
Warranty	5 years from date of manufacture
ALL SPECIFICATIONS ARE AVERAGES AND SUBJECT TO CHANGE	
<p>The 40mm Foam Baton incorporates a 4.8-inch casing that contains three (3) foam projectiles. The 40mm utilizes smokeless powder and therefore has more consistent velocities and tighter projectile spreads than its black powder counterpart.</p> <p>The 40mm Foam Baton Round is most widely used as a pain compliance option by Law Enforcement and Corrections where stand-off distances are limited, such as may be the case in indoor operations. It has also proven successful in numerous instances as a dynamic energy single subject round in close range encounters.</p> <p>The 40mm Foam Baton Round is intended to be direct fired, but may be skip fired at the discretion of the operator. When used in either manner, the operator should be adequately trained in the use of Less Lethal Impact Munitions and have a thorough understanding of the round and considerations for selecting shot placement such as level of threat, target distance, size, and clothing.</p> <p>As a pain compliance round for crowd control, the 40mm Foam Baton Round is most suitable in close to medium ranges of fire, approximately 15 to 30 feet. Beyond 30 feet, the lightweight foam batons may move off target and lose most of their energy. It is ideal for correctional and jail facilities where engagement distances may be limited by walls or barriers. It may also prove valuable in urban riot situations where police lines and protestors are in close proximity.</p> <p>As a dynamic energy round for the incapacitation or distraction of single non-complaint or aggressive subjects, it is best suited at close to moderate distances, approximately 10 to 20 feet. The lightweight foam batons lose their energy quickly and may only be effective at distance where the safety of the officer might be compromised.</p> <p>The smokeless propellant utilized in the 40mm Foam Baton Round results in less smoke and may be more suitable for indoor close range encounters than its counterpart utilizing black powder.</p>	

WARNING

This product can expose you to chemicals including Lead Salts and Hexavalent Chromium, which are known to the State of California to cause cancer, and Lead Salts, which are known to the State of California to cause birth defects or other reproductive harm.
