

# 40MM eXact iImpact™ 24-SHOT TRAINING KIT

PRODUCT SPECIFICATIONS	
Diameter	1.60 in / 40 mm
Length	4.00 in / 10.2 cm
Velocity	Comparable to Operational Round
Effective Target Range	120 ft / 36.6 m
Kit Includes (Usage Rate)	24 - Primed and Powdered Bases (1x) 8 - Sponge Projectiles (3x)
Part No.	6525
Warranty	5 years from date of manufacture

**ALL SPECIFICATIONS ARE AVERAGES AND SUBJECT TO CHANGE**

The 40mm eXact iImpact™ 24-Shot Sponge Round Training Kit contains twenty-four (24) aluminum eXact iImpact™ primed and powdered bases and eight (8) eXact iImpact™ sponge projectiles. The primed bases come non-printed so that an assembled training round may not be confused for an operational round.

The projectiles are simply hand-pressed into the loaded bases for deployment. By utilizing a back drop, such as a tarp, the projectiles may be collected and re-pressed to a new base. The eXact iImpact™ Sponge Round Training Kit simulates the accuracy of the following round to a training range of 37 meters:

- eXact iImpact™ (#6325)

The sponge projectiles were designed and tested to be used three (3) times; beyond that the performance of these components may be compromised. If they are fired more than three (3) times, the product liability and warranty associated with the #6525 will be voided.

**⚠ WARNING**

This product can expose you to chemicals including Lead Salts and Hexavalent Chromium, which are known to the State of California to cause cancer, and Lead Salts, which are known to the State of California to cause birth defects or other reproductive harm. For more information, go to [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov).

**WARNING:** The 40mm eXact iImpact™ 24-Shot Sponge Round Training Kit is intended to be used for training only on targets capable of absorbing blunt trauma. Do not use on hardened targets that will deflect the round back toward the launcher or other persons or objects nearby. Do NOT use at close range.
