# HAN-BALL™ RUBBER BALL GRENADE OC, CN, CS AND SAF-SMOKE™

PRODUCT SPECIFICATIONS	
Diameter	3.10 in / 7.9 cm
Length	4.80 in / 12.2 cm
Fuze	M201A1 Type
Active Agent	OC 0.29 oz / 8.3 g CN/CS 1.60 oz / 45.4 g
Discharge Time	10 - 25 seconds
Launchable	Yes
Part No.	OC 1099 CN 1091 CS 1092 Saf-Smoke™ 1093
Warranty	5 years from date of manufacture

**ALL SPECIFICATIONS ARE AVERAGES AND SUBJECT TO CHANGE**

The Han-Ball™ Rubber Ball Grenade is a fast burning, high volume continuous discharge grenade available in OC, CN, CS, and Saf-Smoke™.

Pelletized chemical agent or smoke is discharged through six (6) gas ports located around the equator of the grenade body. The pellets are considerably smaller in size and more numerous than those utilized in the aluminum style canisters. Therefore, the discharge time is approximately twice as fast as other canisters containing similar volumes of chemical agent.

Designed specifically for outdoor use in crowd management situations, the Han-Ball™ Grenade is a high volume, fast burning device that expels its payload in 10 - 25 seconds. It is excellent for the rapid delivery of chemical agent or smoke in quickly changing tactical situations. Due to the quick discharge time, throwback potential is greatly reduced. This device should be deployed utilizing wind advantage.

It should NOT be deployed onto rooftops, in crawl spaces, or indoors due to its fire-producing capability. Hand throw or launch use only. Launching of grenades will provide deploying officers additional stand-off distances. This grenade offers coverage for large outdoor areas.

In the Saf-Smoke™ configuration, it can be utilized for concealing the movement of agency personnel. It may also be used as a distraction to focus attention away from other activities.

**⚠ WARNING**

This product can expose you to chemicals including Lead Salts and Hexavalent Chromium, which are known to the State of California to cause cancer, and Lead Salts, which are known to the State of California to cause birth defects or other reproductive harm.
